# Features

Our cloud-based PBX phone system offers the advanced features of an enterprise PBX system with over 80 Hosted VoIP feature. With IndyVoIP you can keep it as simple or advanced as you need!

## Unlimited Auto Attendants

Allows calls to be routed based on caller selections

## Schedule based Routing

Calls can be routed differently based on the time of day. Provide different options when your office is closed.

## Simul-Ring

Out of the office? No problem! You can have calls sent to any phone you wish!

## Custom Ring-Backs

Substitute the “ring” with information about your company, providing a professional feel to callers.

## Voicemail to Email

Receive Voicemails in your email allowing easy access to messages

We can't possibly list all the features here! Check out [IndyVoIP.net](http://IndyVoIP.net) for more features and video demonstrations

## Multi-Site Support

Have multiple locations? Our Cloud based system can easily provide a single unified phone system!

Easy Drag and Drop Programming of Call Flow through any web browser

## Dial Plan Editor

# Pricing

Simple - Straight Forward - All Inclusive

Unlike others who reel you in and surprise you with extra fees for things like voicemail; with IndyVoIP our pricing is up-front and contains no extra costs for any features.

Tier 1	Tier 2	Tier 3
1-4 Users	5-9 Users	10-24 Users
\$29.95 Per Device	\$25.95 Per Device	\$23.95 Per Device
Tier 4	Tier 5	
25-49 Users	50-100 Users	
\$21.95 Per Device	\$19.95 Per Device	

Visit [IndyVoIP.net](http://IndyVoIP.net) or give us a call!

# 317.732.VoIP (8647)

- \*Devices are SIP Phones or SIP ATA's.
- \*Phone Numbers are \$1.75 Each. Unlike old systems, we only need to port numbers that you publish. We don't need "roll over" numbers!
- \*Government Taxes and Fees are extra
- \*Call Recording Requires Amazon Storage

Professional on site installation, training and setup is available by PC Computer Guy, our 5-star rated parent company.

IndyVoIP is a division of PC Computer Guy and a Hosted VoIP Partner
